

CURRENTLY NOT LOOKING TO PARTNER WITH AN OUTSIDE AGENCY

We are looking to hire multiple **Chemical Operators** for our manufacturing plant in Covington, Kentucky!

The individuals hired for this position will be responsible for the day to day drumming, mixing, compounding and transferring of chemical by following specific instructions on batch cards and documenting all action items from on paper into the computer software system. This position also requires following safety regulations as well as light maintenance and cleaning of the facility and equipment.

Work Schedule: Training for this position is Monday through Friday 8:00 AM – 4:30 PM. After training, you will be working 2 days on, 2 days off, 3 days on, 3 days off, with every other weekend off. You will be working 12-hour overnight shifts from 6:45 PM to 7:15 AM.

Pay & Benefits: This position starts at \$18/hour with built in overtime. Compared to the traditional 8-hour shift, our 12-hour shift schedule pays 10% more and you are also eligible to receive quarterly gainshare payouts. We also offer a comprehensive benefits package to include paid major holidays, vacation, health, dental, vision, short-and long-term disability insurance, and 401(k) with a 7% company match.

What you will need:

- A High school diploma or equivalent
- Be able to lift up to 50 pounds
- The willingness to learn computer and process control systems.
- Good reading and math skills to be able to make simple calculations and follow written procedures
- Be able to be full face shaven to wear a full-face respirator mask when required

Strongly Desired:

- Previous chemical operations experience is a plus
